See the Morning Sun Ascending
Soprano Descant

1. See the morning sun ascending, radiant in the eastern sky;
2. So may we, in lowly station, join the choirs above;
3. For thy loving-kindness ever shed upon our earthly way;
4. “Wisdom, honor, power, and blessing!” with the angelic host we cry;

hear the angel voices blending in their praise to God on high!
singing with the whole creation, praising thee for thy great love.
for thy mercy, ceasing never, for thy blessing day by day!

round thy throne, thy name confessing, Lord, we would to thee draw nigh.

Al - le - lu - ia! Al - le - lu - ia! Glo - ry be to God on high!
Al - le - lu - ia! Al - le - lu - ia! Glo - ry be to God above!
Al - le - lu - ia! Al - le - lu - ia! Glo - ry be to God al - way!
Al - le - lu - ia! Al - le - lu - ia! Glo - ry be to God on high!
